COVID-19 STATISTICS --What do we mean when we say....

POPULATION
87,839

-2019

Terminology	Definition
Positive Case	A resident within Dodge County borders that has a positive COVID-19 test result. This includes parts of Watertown.
Community Positive	A Dodge County resident with a positive lab result that is not a person under the care of the Department of Corrections.
Recovered case	Confirmed cases where at least 3 days/72 hours have passed with no symptoms (asymptomatic) AND at least 10 days have passed since symptoms first appeared.
Active case	Individuals who are currently ill and requiring medical care or are in isolation.
Deceased	Person died from complications of COVID-19 diagnosis and is a resident of Dodge County.
Hospitalizations	Person was admitted to the hospital with complications from COVID-19 Symptoms. Duration of admittance may vary.
Facility Wide Investigations at Long-term care facilities	A single confirmed case in a long-term care facility (skilled nursing home and assisted living facilities) initiates a facility-wide public health investigation.
Facility Wide Investigations at other facilities	Two or more confirmed cases in group housing, health care facilities, workplace (non health care) settings and other settings (adult or child day care, restaurants, event spaces, religious settings) initiates a facility-wide public health investigation.
Healthcare Worker	Represents a broad range of occupations in the health care field, including: nurses, certified nurses assistants, physicians, surgeons, physician assistants, health care support staff, emergency medical technicians and paramedics, dentists, other dental workers and pharmacists

source: DOC > COVID-19 (Coronavirus): Persons in our Care Testing Dashboard- Updated 6/5/20 @ 4pm

Information on the DOC Website is updated on week days at 4 pm, to see more information on DOC testing visit their website:

[https://doc.wi.gov/Pages/COVID19\(Coronavirus\)/COVID19.aspx](https://doc.wi.gov/Pages/COVID19(Coronavirus)/COVID19.aspx) ("testing table" tab)

Dodge County Public Health Unit does not provide follow-up/contact tracing to "persons under care of corrections." The Department of Corrections is responsible for the follow-up care, isolation, and symptom tracking for persons under their care.

Dodge County Public Health is not aware of certain data/statistics that we track for the community positives that is shared with the public, therefore these positives are not included in some statistics in this report which is noted in those areas.

At the time of this report, the State of Wisconsin Department of Health Services has not completed adding total **NEGATIVE** tests for the DOC testing to our Dodge County totals.

FACILITY-WIDE COVID-19 PUBLIC HEALTH INVESTIGATIONS :

What types of facilities?:

Long-term care facilities (nursing home, assisted living, CBRF) , **group housing facilities** (correctional facilities, homeless shelters, dormitories, group homes) , **health care facilities** (hospitals, clinics), **workplace (non-health care) settings** (manufacturing and production, distribution, offices and other indoor workplaces), and **Other settings** (adult or child day care centers, restaurants, event spaces and religious settings)

How are these investigations initiated?:

A single confirmed case in a long-term care facility.

Two or more confirmed cases in any other setting.

To find more detailed information about the investigations in Dodge County, please visit:

<https://www.dhs.wisconsin.gov/covid-19/investigations.htm>

DODGE COUNTY SAFE RESTART

Released
May 22, 2020

READ THE FULL PLAN: Visit our website under the "Coronavirus Information" > Dodge County Safe Restart tab and click the link: "Dodge County Safe Restart Guidelines and Recommendations for Action" to read the full plan.

WHAT IS IT?: A measured, phased-in approach that utilizes data-driven benchmark criteria and aligns with federal and state metrics has been developed to guide Dodge County decision making.

Effective May 22, Dodge County will be in Phase One of the Dodge County Safe Restart:

- Businesses that choose to open may do so using the general best practice guidelines from the Wisconsin Economic Development Corporation (WEDC) and any sector specific recommendations that apply to the work being done. If your sector is not included the CDC has additional resources for sectors/organizations to reference.
- Limit capacity within non-essential businesses, bars, restaurants and organizations to 25%.
- Events held outdoors should allow for all people to maintain 6 feet physical distance (36 square feet per person) from others.
- People age 65 or older and those who are medically vulnerable should continue to limit travel and remain at home as much as possible.
- Support online education/remote work options as able.
- Encourage curbside pick-up to reduce in-store traffic and long lines.
- If community members choose to gather socially, private indoor social gatherings should be limited to 10 people or less with physical distancing.
- Encourage masking for both staff and consumers.

Weekly Benchmark Criteria Scorecard:

Updated 6/5/2020

Phase: ONE

June 5, 2020

Dodge County Benchmark Criteria

Indicator	Metric	Status
Cases	Downward trajectory of positive cases of COVID-19 as a percentage of total tests.	✓
Testing	Testing availability for all residents with COVID-like symptoms, with priority toward vulnerable populations.	✓
Care	Hospitals have ability to treat all patients requiring hospitalization without resorting to crisis standards.	✓
PPE	Adequate PPE available to health care personnel.	✓
Tracing	Every resident who tests positive for COVID-19 is interviewed within 24 hours of test results, COVID positive contacts are interviewed within 48 hours of test results.	✓

Excellent

Proceed with Caution

Of Concern

Updated by Dodge County Public Health Unit Every Friday

Date:
June 5, 2020

Current Phase:
Phase One

Move to Phase:
Phase One

Explanation:
Due to steadily increasing community positive cases, we plan to continue evaluating benchmark criteria before moving to phase 2. We will remain in phase 1 at this time.

Next Evaluation:
June 12, 2020 (every 7 days)
